

CACHE SLOUGH RIVER LEVEE EROSION  
CAC\_M\_21.8R SITE  
NAd83 NGVD29 Zone2 US Feet

Note:  
The field survey data for this project was referenced to NAVD88 vertical datum.  
The elevations shown hereon were converted to NGVD29 using USACOE conversion program,  
VERTCON. The site specific conversion used was 2.44 feet. Therefore, 2.44 feet was subtracted  
from the field collected NAVD88 elevation prior to processing of the data contained in these files.
